Product Information

TeacherWeb.com - Enhance communication between the classroom and the home... TeacherWeb® is the premiere provider of websites for educators. TeacherWeb® was started in 1996 and is in thousands of American and Canadian schools, as well as American schools around the world. Teachers, students, and parents alike find TeacherWeb® to be a very effective communication tool.

Utilizing patented technology, TeacherWeb® sites are exceptionally easy to create and maintain. A TeacherWeb® site is very flexible and readily customized for any grade level or teaching situation. It takes very little time in a teacher's busy schedule to post Homework, Announcements, Class Schedule, Photos, Supply List, Frequently Asked Questions, and much more!

We are continually adding new and innovative features to TeacherWeb®. One such feature is our "NewsFlash" page, which gives teachers the ability to notify parents or students via email or cellphone text message, when there is an important announcement.

For more information and to see TeacherWeb® in action go to www.TeacherWeb.com or contact us at info@TeacherWeb.com.

Pricing

TeacherWeb® will offer TeacherWeb® sites to schools/districts that are part of the CCETC, at a 10% discount from our normal rates. (Please see <http://TeacherWeb.com/FeeSchedule.htm> for current rates, which will remain the same for the 2007-2008 school year). This would include any private schools served by the CCETC.

Workshop Presentation

Our workshop presentation is perfect for inservice workshops as an instructional tool on creating and maintaining TeacherWeb® sites.

Trial

We will also provide a trial account code to technology personnel who would like to try all the features of TeacherWeb® before the start of the next school year. The trial account code is: FF78CCETC. To create your web you would go to www.TeacherWeb.com and click on Sign up. In Step 3 of the creation you would enter the trial account code. This code will expire August 31, 2007.

If you have any questions, please contact us at 203-438-2410. We thank you very much for this opportunity, and look forward to a mutually rewarding relationship with the CCETC.
